

Prizes sponsored by

Training credits

- Société Suisse de Médecine Interne Générale (SSMIG) : 5 credits
- Association des laboratoires médicaux de Suisse (FAMH) : 5.5 credits
- UNIL, Faculté de biologie et de médecine: 1 ECTS for a talk, 0.5 ECTS for a poster

Invitation à la Journée de la Recherche

Mercredi 22 mai 2024
de 9h30 à 18h
Auditoire César-Roux
CHUV

9:00 – 9:30	Posters to be put on display
9:30 – 9:45	Welcome Pr D. Golshayan & Pr M. Perreau
9:45 – 10:20	Key-note speaker Pr Leo Buhler (UNiFr) On the path to clinical pig organ xenotransplantation
10:20 – 11:10	Oral Presentations (Chairs : Pr J. Gouttenoire, Pr G. Sykiotis) <i>6 minutes presentation + 4 min discussion</i>
10:20 – 10:30	David VINYALS SALES (IAL) - Antibody-mediated inhibition of BK polyomavirus
10:30 – 10:40	Athanasios KOUKLAS (PNE) - The bacterial lysate OM-85 attenuates house dust mite (HDM)-induced allergic airway inflammation
10:40 – 10:50	Marine LOUVET (MIN, IMUL) - UME6 controls aggregation, biofilm formation and pseudofilamentation in <i>Candida auris</i>
10:50 – 11:00	Dionysios CHARTOUMPEKIS (EDM) - Dissecting oxidation-dependent and oxidation-independent components of thyroid autoregulation
11:00 – 11:10	Monica ROMAN-TRUFERO (HEM) - GCN2 protects cancer cells from hypertranslation and loss of metabolic homeostasis
11:15 – 11:45	Poster Session A Posters 1-29. Discussions in the presence of the authors
11:45 – 13:00	Lunch – sandwiches available
13:00 – 13:35	Key-note speaker Pr Claudia Daubenberger (Swiss TPH) The age and exposure depended diversity of human immunity: lessons from the malaria vaccine field
13:35 – 14:20	Oral Presentations (Chair : Pr C. Conrad) <i>6 minutes presentation + 4 min discussion</i>
13:35 – 13:45	Simon BURGERMEISTER (IPA) - Characterization of a novel IDH2 Mutation in Sinonasal Undifferentiated Carcinoma, a case report
13:45 – 13:55	Denho RAVI (MIN) - Susceptibility of newborns to group B streptococcus
13:55 – 14:05	Louis STAVART (CTO) - Immune profiling before and early after kidney transplantation identifies SCF as a potential biomarker of long-term outcomes
14:05 – 14:15	Maëlick BROCHUT (MIN) - Using weight loss to predict outcome and define a humane endpoint in preclinical sepsis studies
14:15 – 14:25	Laura YERLY (DER) - Deconvolution of intratumoral heterogeneity reveals drivers of invasive progression in basal cell carcinoma
14:25 – 15:00	Poster Session B Posters 30-66. Discussions in the presence of the authors
15:00 – 15:30	Coffee break

15:30 – 16:30	Oral Presentations (Chairs : Pr P. D'Amelio, Dr M. Méan) <i>6 minutes presentation + 4 min discussion</i>
15:30 – 15:40	Alexia Roux (MIN) - Only a quarter of antibiotic prescriptions appropriate for nursing home residents with lower respiratory infections. What factors are associated with prescriptions?
15:40 – 15:50	André TRIPPINI (SPL) - Factors influencing physicians' decision-making towards resuscitation attitudes
15:50 – 16:00	Louise GARGIULO (NEP) - Dark Chocolate's Impact on Blood Pressure and Renal Hemodynamics
16:00 – 16:10	Hanane BELAID (GER) - Primary HYPeRparathyroidism and Gut Microbiota unravelling an unexpected relationship: the HYPOGeUM study
16:10 – 16:20	Leo CARATSCH (MIA) - VEXAS syndrome: A Swiss National Retrospective Cohort Study
16:20 – 16:30	Grégory HEINIGER (CIRS, PNE) - The Influence of Ethnic Background on Altitude-Induced Central Sleep Apnea
16:30 – 17h00	Work in progress. Presentations of previous awardees of the DM-DMLP Bourses (Chair: Pr M. Bernard) <i>7 min presentation + 3 min discussion</i>
	Bourse 2023 - Alexander COUKOS (GLG, DM) Role of telomere length analysis in patients with vascular liver disease, idiopathic noncirrhotic portal hypertension and cryptogenic cirrhosis
	Bourse 2023 – Hanane BELAID (GER, DM) Maintaining Immune and Mitochondrial functions in Old adults with Safe nutrition: the MIMOSA study
	Bourse 2023 – Andréa MASTRANGELO (IAL, DMLP) High-dimensional characterization of CD8 cells in HIV controllers
17:00 – 17:15	Announcements – Awards (M. Konrad, Pr P.Y. Bochud)
	Winners of the prizes for the best posters Winners of the prizes for the best oral presentations Winners of the DM-DMLP Bourses
17:15	Cocktail and social networking
